REPORT OF THE BOARD OF SELECTMEN

Water and sewer infrastructure issues still dominated much of the policy agenda of the Board of Selectmen this past year; and will continue to do so in the coming year.

Currently, whether the town needs a third well is a hotly debated topic among some of the public. However, the Department of Environmental Services (DES), the regulating body of all municipal water systems in our state, stipulates clearly in its regulations that any water system must have a source of supply great enough to exceed the average daily demand should the most productive well be out of service. Currently, we do not have a well which will meet that regulation. In the mean time we have applied to DES for a permit to consider Poole Reservoir as the third source by a special regulatory clause called "avoidance." This basically means that Poole will be strictly monitored for water quality and so long as it meets the standard for coliform and turbidity levels, it can be considered an alternate source. We have not met that standard on occasion in the past. In conclusion, we still need to find and secure a third well site.

The other side of the infrastructure equation, our sewer system, is operating under an administrative order to upgrade. The DES is requiring that we improve our effluent which flows into the Contoocook River. The standards of effluent quality are directly proportional to the amount of water flowing through our system. In other words, the more water the stricter the standard. The amount of water billed from water meter calculations and the amount of water measured at the sewer plant were seriously different. Hence, we contracted with a sewer line inspection firm to study our "inflow and infiltration." The conclusion indicated a substantial source of inflow was sump pumps and to a lesser extent roof drains attached to the sewer system. For that reason, the Board of Selectmen felt it was necessary to impose a penalty upon those whose sump pumps and roof drains are illegally connected to the sewer system. We are also embarking on a plan to remedy the significant sources of water infiltration in the pipeline manholes and connections. The hope is to reduce the total amount of water treated at the plant and meet the EPA discharge limitations at a lower cost.

Promising results came from a value engineering workshop conducted in December. The workshop, attended by Board of Selectmen members, Jaffrey waste water committee members, engineers from DuFresne-Henry, and engineers from the Department of Environmental Services, concluded that improvements to our waste water treatment system may only run in the range of $450,000 to $2 million; down from the original worst case estimate of $4-5 million. This assumes we are able to eliminate enough "inflow and infiltration" to lower our demand to 800,000 gallons per day and still have 20% extra capacity for future demand. The State may also be willing to contribute 30% in grant money.

The Board of Selectmen would like to thank all those members of the Jaffrey Police and Fire Departments, as well as those members of the emergency services of other communities in the area who helped avert disaster in downtown Jaffrey after a propane truck collided with a Peterborough Fire vehicle. Special thanks to Chief Jack White whose leadership saved our town and our residents untold sums in money and tragedy.

TOWN MANAGER'S REPORT

1997 brought many changes to the Town of Jaffrey. In early March a vacancy developed in the position of Chief of Police. I asked a group of residents to assist me in the hiring process of a new Chief. Although we had a qualified candidate in our ranks, we thought it would be in the Town's best interests, as well as those of the individual to be hired, to open the search for a new Chief through outside advertisement. The process culminated in early June with the selection of Robert Pelio as Jaffrey's Police Chief. Bob Pelio has been with our police department for twelve years, and most recently served as the Lieutenant. Since assuming the duties as Chief, Bob has done an outstanding job.

Two other department heads left during the year, and we are currently seeking a Director of Public Works and a Recreation Director. The search process for these positions is underway and we have a number of excellent candidates from which to choose.

At the 1997 Town Meeting, I proposed a new part-time economic development director for the Town. The proposal was to hire an individual to work on a part-time basis and promote the Town of Jaffrey to any interested business which wished to relocate to Jaffrey. Also, the duties of the Economic Development Director are to assist those local businesses which wish to expand. The basis for this proposal was to have someone available to serve the Town of Jaffrey's needs in its efforts to foster and create economic growth in town. We hired an individual in June who worked for us for four months and got the ball rolling. He was instrumental in assisting a number of businesses in their expansion efforts and met with individuals who had interest in locating their business to Jaffrey. Also, he developed and mailed a survey to each business currently in Jaffrey. We now have the results of this survey and will be using those results as we develop an overall economic development plan for the Town. For 1998, we hired Southwest Regional Planning Commission to provide an employee to Jaffrey to work in the role of the Economic Development Director. The individual they have provided is Peter Davis, known to many of us here in Jaffrey. Pete will be working one and one-half days a week to assist in our economic development efforts.

Another milestone achieved in 1997 was the cooperation between the Town of Jaffrey and the Town of Peterborough to develop a plan to hire one prosecutor for both towns to serve in the Jaffrey-Peterborough District Court. This is an unprecedented level of service sharing between the two towns, and one which will provide a benefit to both towns for many years to come. Our Police Chief Bob Pelio, Peterborough's Town Administrator Pam Andrade and Police Chief Scott Guinard all worked to see this come to fruition, and I appreciate their efforts.

As always, I would like to thank all the people who dedicate time and energy to the Town of Jaffrey especially the volunteers, elected officials and the employees. All these people who give of their time or have chosen to work for the Town are contributing to the greater good of our community and they are to be commended for this.

1997 AUDIT REPORT

Due to a scheduling conflict, we were not able to complete our audit for 1997 as we normally do in January. Therefore, we are not able to present the audit report at this time. The audit for 1997 is scheduled for March 1998, and the audit report should be available in mid-April. Anyone who wishes to see it should either call or stop by the Town Office at that time, and we would be happy to provide you a copy. We have received a clean bill of health from our auditors for a number of years, and we do not expect 1997 to be any different.

REPORT OF THE LIBRARY TRUSTEES

Many events have taken place throughout the year and we hope that you have been able to participate in some of them such as: Book Discussions, Jaffrey Arts Festival, Amos Fortune Exhibits and the various children's programs. Stop by our circulation desks to inquire about the many programs that we sponsor.

The Jaffrey Public Library is now fully automated and our on-line catalog is running smoothly. Patrons are involved with our new system and finding out that technology is allowing them to find information quicker and easier. Our public Internet line is being used for up to the minute research. In order to access the Internet you will need to adhere to the Internet User Policy which is available for the asking.

The Jaffrey - Rindge Cooperative School District and the Library are cooperating together in a Technology Literacy Challenge Grant. In early March the Library will receive a computer complete with phone lines and an Internet account so that everyone will have access to the School District's Educational Improvement Plan as well as the rest of the Internet services.

Through the years we have seen many changes in the way that our Library functions. In this ever changing world we need to keep up and move ahead. The staff is very dedicated and are willing to assist you in any way. Mrs. Knight, our director, is always ready to hear your comments and suggestions. If it's been some time since you have been in the library please stop in to say hello, check out our filled stacks of books, videos, books on tape, magazines and newspaper subscriptions. There is something for everyone at the Jaffrey Public Library.

To our dedicated staff, friends, supporters, donors, volunteers and everyone else who has given time and support to the Jaffrey Public Library, we say a very sincere THANK YOU. Without your support our continued success and service to the citizens of Jaffrey would not be possible.

REPORT OF THE ANIMAL CONTROL OFFICER

1997 was a busy year for Animal Control in the Town of Jaffrey. Myself or the duty officers of the Jaffrey Police Department averaged just about 1 animal call per day for the entire year. One area of concern that I have is the remarked increase in stray dogs. We observed over a 100% increase in stray dog calls over 1996.

Please be reminded that both Jaffrey Town Ordinance and State Law require that you as owners must restrain your dogs. Also, along with the increased activity of strays, came an increased amount of impounded animals. Please affix some sort of identifying tag, marking or license to your animal so that if you become separated from your pets, we have an easier time in locating you to get your animals returned.

Due to the increased calls for service, many members of the Jaffrey Community have been sort of deputized into service. For risk of forgetting someone, let me just collectively say THANK YOU to those of you in the community who have assisted me or other members of the Jaffrey Police Department this year.

Also as a reminder, if you no longer have your dog, please give the Town Clerk the courtesy of letting her know so that she may effectively update her records.

Dogs need to be licensed at the Town Clerks Office 1998 by April 30th.

REPORT OF THE CHIEF OF POLICE

As you can see from the statistical summary, it has been a hectic year. There have been significant personnel changes within the department. While calls for police services have leveled out somewhat, serious crimes, including domestic violence, child victimization and exploitation and continued drug use among our youth remain areas that need constant attention.

The mission of the Jaffrey Police Department is to enhance the quality of life for residents. To that end, the department pledges to provide a proactive and professional level of service to ensure your safety through commitment, integrity and trust. The resources that you provide to help us run the operation will be managed effectively. Officers will continue to treat all people with fairness, dignity and respect. Finally, members of the department will strive to further a partnership with residents to meet whatever specific needs may arise.

As police manager, I believe the best way to effectively run the department is to promote good relations with townspeople. In doing so, a common understanding is realized. When we work in partnership with residents, the end result is a lower crime rate and a reduction is social problems. No longer can it be left to police officers, teachers and others in authority to deal with the troubles that exist in society today. Everyone in the community must work together to address the problems that confront us.

I am providing the leadership that inspires the outstanding men and women of this department to serve the public in the finest tradition of law enforcement. However, we need you to work hand in hand with us so that the efforts of your officers are fully realized. In that sense, your priorities become our priorities.

You are always welcome to stop by the department, even if it's just to say "hello."

Respectfully submitted,

Robert Pelio
Police Chief

REPORT OF THE DEPARTMENT OF PUBLIC WORKS

1997 was a very busy year for the various divisions of the Department of Public Works, that includes Highways, Streets & Bridges, Water Works, Waste Water Treatment Facility, Cemeteries/Parks & Commons and the Recycling /Transfer Station.

The Highway Department reconstructed , paved or partially reconstructed the following Town roads:

Old Fitzwilliam Road	6,140 Feet	Harkness Road	3,350 Feet
Nutting Road	3,635 Feet	Highland Avenue	1,950 Feet
Colls Farm Stand Road	450 Feet	Prospect Street	1,400 Feet
Amos Fortune Road	1,100 Feet	Oak Street	965 Feet
Hadley Road	2,470 Feet		

The Water Department is continuing its efforts to comply with the Safe Drinking Water Act by looking for a third water source, or use of one of our surface water supplies.

In 1997, Highway and Water employees repaired 47 water pipe breaks. We abandoned 3,000 feet of old 6" pipe that had caused many problems to system users and the Water Department. The Water Departments Leak Detection Program yielded 12 leaks that were repaired. They were also kept busy replacing 56 water meters, and installed 1,100 feet of new 8" pipe on Amos Fortune Road.

In addition to keeping our five cemeteries and numerous commons in picture perfect condition, Cemetery personnel had 24 full burial or cremation interments in 1997.

At our Transfer/Recycling Station, several new markets were found for our recyclables, which increased our revenue and reduced our trucking fees.

The Sewer Department repaired 12 services and 6 new connections were made to the sewer system. The final report of the Infiltration/Inflow (I/I) and Sewer System Evaluation Survey (SSES) was issued to the Town. The Sewer Department personnel began investigating sump pumps and illegal connections to the sewer system which was identified in the I/I and SSES. The Recirculating Sand Filter pilot continues and to date is removing ammonia below permit limits. A Preliminary Value Engineering Workshop was conducted to screen potential treatment processes, the possible alternatives were Recirculating Sand Filter, Lagoon Storage by a higher set river flow of 8.8 CFAs, Rapid Infiltration, upgrade of present aerated Lagoon system by Ringlace and Lemna System to achieve nitrification. These are just possible alternatives and not the final selection of a treatment technology to be implemented.

JAFFREY PARKS AND RECREATION DEPARTMENT

The Jaffrey Parks and Recreation Department has once again undergone major changes. The year 1997 has been full of twist and turns, but with the dedication of the Jaffrey Recreation Department Staff and its numerous volunteers it has continued to serve the Town of Jaffrey at the highest level and with the greatest dedication. The year that brought vast improvement to the facilities and programs, also brought the departure of Director Susan E. Marangelli. Her ideas and enthusiasm are felt in each of her accomplishments.

The year also brought the Governor's Volunteer Recognition Award to Jaffrey. This award was presented to Jaffrey Parks and Recreation Department for winning the State Municipal Volunteer award. This honor is given to one Municipal agency throughout the state every year. Janet Wilkins, the Jaffrey Teen Center Manager also won an award for individual effort in community volunteerism.

None of the accomplishments I am about to list would have been possible without the support and dedication of numerous coaches, volunteers, community leaders and benefactors. Community groups and individuals such as the Jaffrey Friends of Recreation, Jaffrey Chamber of Commerce, and all the generous donors are the back bone that makes our programs and events what they are today. This endless commitment is a sign of dedication to the department and the town. For this support and tireless dedication to the Jaffrey Parks and Recreation Department, we say 'thank you".

Major programs and facility improvements:

- Jaffrey Teen Drop-in Center was created with the help of numerous volunteers and benefactors.
- Skateboard park was updated with numerous apparatuses, grinders, a pyramid, ¼ pipes, and much more.
- Humiston Field received new playground equipment.
- Thorndike Pond received a new ticket hut and got a ground's facelift, making it emergency vehicle accessible all the way down to the waterfront. Contoocook Lake had electricity put into the bathhouse and had a soda machine put on site.
- A.I.M. Camp had record numbers and functioned without a single incident.

Again, to all the community members and businesses that made these accomplishments possible, we thank you. It is all about suppot; by showing support for the Recreation Department, you support your community. This is all related to Volunteerism. Taking the time to do something you believe in. The giving of your time is the greatest gift of all. It is the reason the Recreation Department functions at such a high level. With your support and dedication we can continue to provide quality programs and activities for the Town of Jaffrey now and for years to come.

Respectfully submitted,

Todd D. Souza, Interim Director
Janet Sullivan, Part-time Secretary
Alan Morris, Maintenance Technician
Janet Wilkins, Part-time Teen Center Manager

REPORT OF THE OVERSEER OF PUBLIC WELFARE

The year 1997 was a particularly difficult time. Requests for assistance were markedly higher than the past tow years. Changes to Federal and State assistance programs forced many people to come to the Town for aid. The most significant changes were to the Medicare and Medicaid programs which caused a 300% increase in expenditures for prescription medicines. All other categories of assistance showed double digit increases. (i.e. utilities up 33% and groceries 96%).

The expenditures for housing assistance (always the largest single expense) also rose by 27% to $53,358.00. This category alone came near to eclipsing the total of all expenses last year ($53,064.00). This again highlights the problem of a lack of affordable housing available in the Town. Even with the three properties now managed by Southwestern Community Services, the Village at Jaffrey and Gilmore Pond Road subsidized housing much more needs to be done.

Again this year as in years past I would like to extend my thanks to the many charitable groups and organizations within the Town that do so much with so little public fanfare.

Budgeted 1997		Expenditures 1997	
Badger Fund	$39,000.00	Badger Fund	$52,579.08
Warren Fund	$17,900.00	Warren Fund	$22,615.73
Conant Fund	$35.00	Conant Fund	$200.00
Cilli Fund	$120.43	Cilli Fund	$300.00
General Fund	$608.65	General Fund	$2,600.00

REPORT OF THE FIRE DEPARTMENT

Overall calls for assistance dropped by 8% in 1997. While the Fire Department handled fewer calls in 1997 the man-hours required have increased due to the nature of the calls. In 1997, we continued to see the trend of motor vehicle accidents increasing while calls for structure fires have decreased. We attribute the drop in structure fires to citizen's response to fire prevention in homes and businesses.

Training and dedication of the members of the Fire Department played a big part in the successful handling of a major Hazardous Material Motor Vehicle Accident in Jaffrey in 1997. The Department also handled a serious plane crash at Silver Ranch Airport. The following is a breakdown of calls:

Motor vehicle accidents	30%
Fire calls	28%
Automatic alarms (often false)	20%
Mutual aid	10%
Brush fires	7%
Service calls	5%

The Fire Department is managing to maintain a good number of well trained firefighters. We recently certified two more firefighters, this brings the number of firefighters to a very acceptable level, however, we are continually looking for good firefighters. Our response times and number of firefighters per call has been very good.

We can again report that Jaffrey's fire apparatus is in excellent condition. During the past year several members of the Fire Department spent many hours refurbishing Jaffrey's hose truck (16M-4), the refurbishing went very well, this unit is now much stronger and safer. We also did considerable maintenance on our tanker (16T-1).

The Fire Department has spent considerable funds replacing old and outdated two-way radios in all of our apparatus. This project should be completed in 1998. We are also on a program to replace all old and worn out fire hose. We are recommending that we continue to place $25,000 in Capital Reserve for the eventual need or major repair of fire equipment.

The Fire Department, VFW Ambulance and Police Departments would like to encourage all property owners to properly number all addresses, this will allow the emergency services to serve you better.

We take this opportunity to thank the firefighters of this department for serving so well. We thank the Jaffrey Chamber of Commerce for their continued support. As always, a sincere thank you to the taxpayers and the Board of Selectmen for their support.

Please...when you change your clock, change the batteries in your smoke detectors and test weekly. SMOKE DETECTORS SAVE LIVES!

Respectfully submitted,

John A. White, Chief Kevin Chamberlain, Assistant Chief

REPORT OF THE
JAFFREY VFW MEMORIAL AMBULANCE, INC.

The following report was submitted by the Jaffrey VFW Memorial Ambulance so the taxpayers of Jaffrey and Rindge could appreciate the savings in their budget from this free service. The ambulance service remains strong due to the generous donations and support from the townspeople of Jaffrey and Rindge as well as the dedication of the members on the squad. The EMT's and Auxiliary Members affiliated with the Jaffrey VFW Memorial Ambulance, Inc., do not receive any compensation for their time, however, in this analysis the cost saving is calculated by using a compensation rate of $8.00/hour, the average pay of a call firefighter.

REPORT OF THE PLANNING BOARD

Applications submitted to the Planning Board in 1997 included 16 site plan reviews and 5 subdivisions. The annual review (required by statute) of the Capital Improvement Program was conducted in December. Public hearings on 9 changes to subdivision and site plan regulations, and changes to application procedures were held. The Planning Board also held a session with the IDA so that we can stay abreast of the plans and discussions of that group.

The mid-point update of the Master Plan was completed, including the development of a new (required) section on Construction Materials. All but one chapter was reviewed, updated as necessary and consideration given to the recommendations for action or planning. The result of one of these discussions is the proposed Interior Lot change. My thanks tot he Board for the many additional meetings that the Master Plan work entailed.

The Planning Board will recommend that the Town approve a change in the Land Use Plan which will permit, under certain circumstances, the residential (only) development of an interior lot in the Rural Zone. This change is recommended not as an incentive for development but rather as an opportunity to encourage the placement of development on interior land, avoiding "stripping out" the Town's rural roads. Further, the Board will recommend to the Town three other changes in the Land Use Plan, changes which may be characterized as minor or "housekeeping" changes.

The 1998 work plan, in addition to responding to applications, will include continued review of the ordinance to ensure that the intent of the Town and the Master Plan is supported. The Board also plans to hold at least two open sessions with any Townspeople who wish to raise issues relative to the Land Use Plan.

Respectfully submitted,

Diane Schott
Chairman

INDUSTRIAL DEVELOPMENT AUTHORITY

As we began 1997, the IDA found itself with a lot of good ideas on its hands to meet its charge to assist in the economic growth of the Town. However, with these ideas, we felt a formulated, concise economic development plan was missing for the Town. Therefore, we approached the Southwest Regional Planning Commission to ask for their assistance. In conjunction with the Chamber of Commerce, we have hired the Planning Commission to develop an overall economic development plan for the Town to be used as a tool for future growth. In the development of this plan, we asked the Planning Board to allow the IDA to develop the plan and present it to the Planning Board to be incorporated into the Town of Jaffrey's Master Plan. The Planning Board agreed to consider the economic development plan as part of the Master Plan. We have met with the Planning Board to keep them informed of our progress.

At the 1997 Town Meeting, a new part-time economic development director for the Town was proposed. The proposal was to hire an individual to work on a part-time basis and promote the Town of Jaffrey to any interested business which wished to relocate to Jaffrey. Also, the duties of the Economic Development Director are to assist those local businesses which wish to expand. The basis for this proposal was to have someone available to serve the Town of Jaffrey's needs in its efforts to foster and create economic growth in town. We hired an individual in June who worked for us for four months and got the ball rolling. He was instrumental in assisting a number of businesses in their expansion efforts and met with individuals who had interest in locating their business to Jaffrey. Also, he developed and mailed a survey to each business currently in Jaffrey. We now have the results of this survey and will be using those results as we develop an overall economic development plan for the Town. For 1998, we hired Southwest Regional Planning Commission to provide an employee to Jaffrey to work in the role of the Economic Development Director. The individual they have provided is Peter Davis, known to many of us here in Jaffrey. Pete will be working one and one-half days a week to assist in our economic development efforts.

Members of the IDA, along with members of the Board of Selectmen, visited a number of businesses in Jaffrey to see what concerns they might have about doing business here in Jaffrey. We feel it is important for the local officials to visit the businesses here in Jaffrey to demonstrate our appreciation for their work, and to keep an open ear in the event the owners and/or managers of these businesses have questions or concerns about Jaffrey.

With the completion of the Economic Development Plan in 1998, and through the work of our part-time Economic Development Director, we plan to keep Jaffrey known as a good place to do business. We look forward to more business visitations, input from the Planning Board, and continued prosperity for the Town and its residents.

REPORT OF THE CONSERVATION COMMISSION

During the year, Bill Elliott resigned as chair. Special thanks are extended to Bill for his dedicated service to the town and the Commission for the past 5 years. Since then, the activities of the Commission have been limited, with only general housekeeping tasks being conducted.

In August, the Commission hired a consulting forester to provide a comprehensive forest management plan for the Carey Park Town Forest. The plan should be completed sometime around the spring of 1998.

Future plans are uncertain, as a chair needs to be elected for the coming year, and long-term planning for the Commission needs to be addressed. One project that has been discussed in the past and hopefully will be initiated is a long-range land conservation plan for the entire town.

Respectfully submitted,

Charles Koch, Acting Chair

JAFFRERY HISTORIC DISTRICT COMMISSION

The 1997 year was a relatively calm one for your Historic District Commission. We met monthly on the first Thursday of each month, held special site visits, and communicated with other town committees, commissions from other districts, and state agencies.

The major focus of the Commission was to accomplish a final resolution of the District sidewalk project. We have planned an historically appropriate replication of the missing sidewalk. After numerous meetings with the New Hampshire Department of Transportation, it became apparent that the State was unwilling to participate in the project without significant enlargement of the Route 124 roadway through the District. The Town will therefore complete the project in a manner that will preserve the streetscape without State involvement. The work is scheduled for completion in the spring of 1998.

Several applications for structural changes and change of use requests were approved during the year.

The Commission continued its close working relationship with the Meeting House Committee and the Planning Board.

During the year we welcomed back member Helen Cox, who had been on a leave of absence,. The Commission accepted, with regret, the resignation of Charles Palmer on December 31, 1997.

MEETING HOUSE COMMITTEE

At the 1997 Town Meeting a warrant article was presented to raise $35,000 for capital improvements to the Meeting House. The improvements proposed to be paid from this amount included the repair to the clock tower roof and the interior painting of the Meeting House.

The roof repairs were completed during the summer. We have solicited bids for the interior painting and are currently reviewing those. The interior painting will take place in the Spring of 1998 to be completed before the summer use of the Meeting House. Also, some electrical work was done this year, and we plan to adjust some of the stage lighting to reduce potential fire hazards.

The exterior painting has been completed and now provides a fresh look to the Meeting House which is so important to our history and culture. When the interior painting is completed, the major improvements we have made to the Meeting House over the past two to three years should be complete and will last for a number of years to come. We wish to thank the residents of Jaffrey for its continued support of this most important asset to the Town.

A proposal to improve signage and parking at Gap Mountain trailhead was discussed. Concerns of the neighbors was addressed.

The problem of parking on Route 124 near the Jaffrey/Troy town line. Because the Royce Trail crosses the highway, more and more day hikers are using this area to park for the day. The Commission asked that "No Parking" signs be placed on both sides of the road. The state was in agreement.

The public is encouraged to contact their Commission members with suggestions and comments.
